Recent Major Presentations

Hara T. The pathogenesis and pathophysiology of Kawasaki disease. UCL Institute of Child Health, London 2016.1.7

Takada H, Ishimura M, Hara T: Insufficient immune reconstitution after allogeneic cord blood transplantation without chemotherapy conditioning in patients with severe combined immunodeficiency caused by CD3d deficiency. 17th Biennial Meeting of the European Society for Immunodeficiencies, Sep. 21-24, 2016, Barcelona, Spain

Hara T. Innate and acquired immunity in Kawasaki disease. In Kawasaki disease symposium. The 11th Congress of Asian Society for Pediatric Research. 2015 April 14-18, Osaka, Japan

Hara T. Primary immunodeficiency diseases and vasculitis. Third International Conference on Primary Immunodeficiency Diseases, Chennai, India, February 21-23, 2015

Hara T: The Etiology of Kawasaki Disease: A Paradigm Shift. Pediatric Academic Societies and Asian Society For Pediatric Research May 3-6, 2014, Vancouver, Canada

Hara T. Innate immunity and infection in the newborn. The 9th Congress of Asian Society for Pediatric Research. 2013 May. Sarawak, Malaysia

Kanno S, Nishio H, Sueishi K, Hara T. Activation of an innate immune receptor, Nod1, accelerates atherogenesis. The 9th Congress of Asian Society for Pediatric Research. 2013 May. Sarawak, Malaysia

Nishio H, Kanno S, Onoyama S, Hara T. Various microbial components enhance the frequency and severity of Nod1 ligand-induced coronary arteritis The 9th Congress of Asian Society for Pediatric Research. 2013 May. Sarawak, Malaysia

Monte Carlo, Monaco

Kanno S, Nishio H, Sueishi K, Hara T. Activation of an innate immune receptor, Nod1, accelerates atherogenesis. 27th Congress of International Pediatric Association. 2013 Aug. Melbourne, Australia

Hara T, Kanno S, Nishio H. Activation of an innate immune receptor, Nod1, accelerates atherogenesis in Apoe-/-mice. 2nd International Conference on Clinical & Cellular Immunology. 2013 Oct. Las Vegas, NV, USA

Hara T, Nishio H. A novel role of Nod1 in the vascular inflammation. World Immune Regulation Meeting-VI. 2012 Mar. Davos, Switzerland

Nishio H, Kanno S, Onoyama S, Hara T. Nod1 ligand-induced coronary arteritis is enhanced by various bacterial components. 2012 Pediatric Academic Societies. 2012 Apr. Boston, USA

Hara T. A critical role of the innate immune system to host defense in infants. The 8th Congress of Asian Society for Pediatric Research. 2012 May. Seoul, Korea

Hara T. Evolving pediatric research in Asia. The 8th Congress of Asian Society for Pediatric Research. 2012 May. Seoul, Korea

Nagata H, Yamamura K, Ikeda K, Mizuno Y, Ishikawa S, Hara T. Quantitative evaluation of
echogenicity in Kawasaki disease. The 10th International Kawasaki Disease Symposium. 2012 Feb. Kyoto, Japan

Hara T. Child health and the environment within, gut microbiota. 14th Asia Pacific Congress of Pediatrics. 2012 Sep Kuching, Sarawak, Malasia

Hara T. The potential for research in Asia-Pacific. 14th Asia Pacific Congress of Pediatrics. 2012 Sep Kuching, Sarawak, Malasia

Hara T. ASPR Presidential Plenary: Pediatric Research from Bedside to Bench to Bedside. The 7th Congress Asian Society for Pediatric Research. 2011 Apr-May. Denver, USA
